It's been three days since I've been reading history books in the library.

But the books were really thick so it was hard to read them.

There is a lot of books, so I didn't need to find clues easily.

I thought the book his highness gave me had something—

There was nothing. Felt like he had me..

This is never going to end if I read like this.

CLOSE

The days are going by pretty fast. Was I wrong?

It could be quick to ask somebody.

I do have something on my mind, but what if it is....

Hm? This book is?

Something's special. The color is really vivid.

It looks like it doesn't belong here. I wonder.

Should I see what it is?

TAKE OUT

Dust.. Nobody was reading it, I guess it must've come because his highness is the only one that comes.

dust

Now to look at it, it is really sad.
There is nothing written on the cover...
HOW IS IT? MADE ANY PROGRESS?
?!
Why are you so surprised?
How can I be not startled when you appear like this?
Sure.
What is that book? Hm... Aren't you too relaxed? Compared to the other candidates.
I'm just saying out of courtesy that there isn't much time left.
Well, I do have a clue. Because of something I have been wondering.
I want to double check to see if I'm right though.
Good to hear.
That's that, but,
Can you even read the book you are holding?
Ugh! What do you mean?
I CAN'T WRITE YET, BUT I CAN READ.
LIKE THIS BOOK, TOO.
Unsuccessful.

I know you think I'm not good enough...

That is not what I meant.

But, it was just something that I needed to know as a person who is in charge of you.

I see.

But that's that and it's been three days. You know that you do not have a lot of time left, right?

I'm just saying it out of custom but this test is more important than you think.

If you can't prove you are the princess, he can kill you. The emperor.

It makes total sense! He was going to kill me because of that flower fortune!

I need to be paying attention or else I don't know what will happen!

Wind Yi Hwan could be me. Real medium me. Even if I run away, I have nowhere to go.

It feels realistic suddenly. Seriously...

Come to think of it, he is the king so what can't he do. He can kill me if he wants to do it.

But this book is completely different from the books I read.

Literally they were written vertically.

In the meantime, the text was a totally scenery.

What else do characters write, the death text or testament.

And to mention the people to see the other because of an exact the case.

and to name the design of the and text form conversion.

Each warring period has its own words, and it couldn't be done with one word.

If I recall, there are almost ten times the regions and kings.

Each warring era, from the years of the reign.

And the gold and jade, they're not ornaments. It's money like we.

Then, coins might be considered appraised as a certain object, and so, can some coins be said to be royal treasure?

It is also told that on these objects there were certain letters for their navigation it

An object with letters?

Huh? There is nothing after this. It's blank.

No matter how hard I look at the road sign stone.

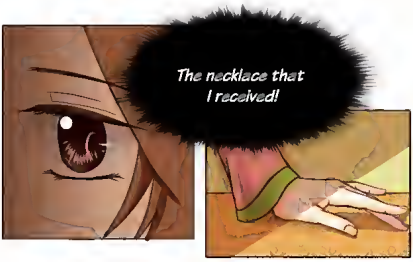
I feel like I'm missing something

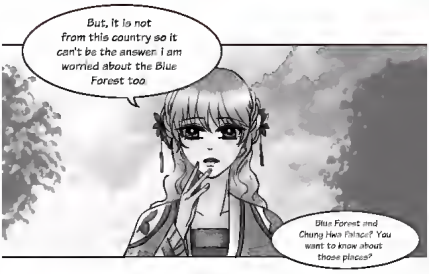
From something important.

According to this book, it should be his highness's sword.

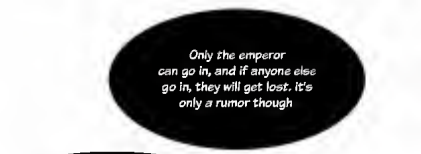
From what I heard, that is the royal treasure. But, I don't know how the letters are encrypted.

There is a lot that confuses me. If I think deeply I'll get an ancient with letters





But, it is not from this country so it can't be the answer. I am worried about the Blue Forest too.
Blue Forest and Chung Hwa Palace? You want to know about those places?



If the emperor is the only one that can go in, than how could I?
To be sure, let me bring that necklace and go again!
